

THE KEURIG® B3000SE: This, our largest and most advanced brewing system, is packed with features. The Keurig B3000SE is the way large offices make the coffee you, your office and your customers will love.

KEEP IT CLEAN: K-CUP AUTO-EJECT & EASY-TO-EMPTY BIN

After brewing, each K-Cup® Forces Part B auto ejects and drops into a convenient K-Cup storage bin (to be emptied). The removable bin opens the bin to fill it with used K-Cup storage in hand, a plastic with a 18 K-Cup bin can be added.

AUTOMATIC REFILLS: DIRECT WATER LINE PLUMBING

With the hoses already connected to a water line, you can brew a new cup of coffee every 10 seconds without having to refill.

READ ALL ABOUT IT: EASY-TO-READ LCD INTERFACE

It's background. The B3000SE's interface walks you through the brewing process to help you follow steps in your choice of three different languages — English, Spanish or French. Along the way, you can select from five brew sizes. There's even a full screen help manual.

SATISFY EVERY TASTE: FOUR BREW SIZES

Choose from four different brew strengths — Brew as strong as you like, from that to that. Or you can brew a regular like drink, or the only to use water like you. Because tastes differ.

FLIP AND FILL: DROPT-BAY FLIPS FOR TRAVEL MUGS

The large reversible flip tray lets you accommodate travel mugs. It's designed for easy cleanup and maintenance. It's dishwasher safe and easy to reuse.

AN EYE FOR DETAILS: MUG AND K-CUP SENSORS

Can't wait to get your coffee? The B3000SE can be programmed to brew a cup of coffee at a set time. The B3000SE can be programmed to brew a cup of coffee at a set time. The B3000SE can be programmed to brew a cup of coffee at a set time.
