WE HAVE YOUR SIX—A.M.

From the battlefield to the board room, we have your back! For the early risers, to the late shift hustlers, we have you covered with the highest quality coffee available—sourced from Rainforest Alliance Certified™ farms and roasted in small batches ensuring those who need to wake up from the front lines to the front porch will have the freshest cup of coffee possible.

OUR ROASTS PREMIUM SMALL BATCH ROASTED COFFEE FROM S.C.

001 | MEDIUM TASTES LIKE FREEDOM

"TLF" is our first roast and still one of the most popular. This medium roasted single-source Arabica bean is a solid choice for your morning cup.

002 | MEDIUM DARK JB'S BUCKSHOT BLEND

This uniquely blended medium dark roast has an 80/20 blend of Arabica and Robusta beans giving it an extra KICK for those early mornings or late night shifts.

003 | DARK M.O.A.B.

For those who want to go dark—this **Mother Of All Blends** is made with a 70/30 blend of Arabica and Robusta beans that produces one really strong cup of coffee.

004 | LIGHT REVEILLE

It's time to wake up and get moving. This light roast sources a tasty Tanzanian Peaberry bean giving it a bright, high-toned complexity that falls in line with a traditional breakfast roast.

005 | MEDIUM INERT (DECAF)

In our world, when we train to disarm bombs it's not always wise to use the real thing. This 100% Brazilian Arabica roast promises all the rich smoothness of our other roasts, but with no caffeine!

006 | MEDIUM DARK 9/12 TRIBUTE BLEND

Created as a tribute to first responders and patriotic Americans, this special edition roast has the smooth full-body taste of a medium-dark blend, made with multiple roasts.

**COFFEE
