Committed to our customers,  
our growers, and our environment.

## DAYMAKER BLEND Light / Dark Blend

A smooth & exciting blend of light & dark Central American coffees. Perfectly balanced. Bright, sparkling fruit and deep, roasty flavors. A fine-tuned Dynamite classic.

## DYNAMITE ESPRESSO Dark Roast

A dangerously unstable blend of beans. Chocolate, earth & fruit notes balance this round and sweet blend. Pow! Creamy body, roasty notes & a touch of jammy fruit.

## UNLEADED DECAF BLEND Medium Roast

A full-flavored, chemical-free decaf. This blend of Central American coffees has full body and pleasant acidity. Decaffeinated using the Mountain Water process.
