

POWERING WORKPLACE HAPPINESS

with the Flavia
Creation 600

The Flavia Creation 600 crafts a variety of drink options that meet the needs of every employee—packing more enjoyment into every break and more happiness into every workday.

HOT AND COLD DRINKS

14 types of hot and cold beverages, including coffees, teas, lattes, cold brew, infused waters, and more, all in one system¹

HYGIENIC OPTIONS

Touch less with the free Flavia[®] Tap N' Brew app or add Kastus 24/7 self-cleaning surface protection for the brewer screen and door

FROTH ANY MILK OR NON-DAIRY ALTERNATIVE

Our unique jet technology froths creamy, fresh milk right in your cup—so you get the magic of a steam wand without the hassle

SMART BREWER TECHNOLOGY

With Flavia IQ, you can monitor consumption trends, track brewer health, receive real-time automated service requests, configure brewers, and update software remotely
